Important questions:

What does the cultural heritage mean for the local community?

Is it still up to date?

Which cultural heritage is not only worthy of being preserved, but also of being shown, explained or even taught to the European neighbours and younger people?

Moreover, can think about the documentation of cultural heritage and its meaning for yesterday, today, tomorrow.

And how can I present myself and my cultural treasure on a picture?

Examples for different categories of immaterial cultural heritage:
